

SDI SERIES (BNC) - COAXIAL CABLE

PART NO.: SDI-6G010-XX

DESCRIPTION: SDI series, high-quality 4K video transmission, secure BNC connectors, Male-Male

The KAYBE SDI 4K BNC Coaxial Cable is a high-performance cable designed for transmitting uncompressed 4K video signals with exceptional clarity and minimal signal loss. Featuring BNC connectors, it ensures a secure and reliable connection for professional broadcast and video production environments. Built with durable shielding, it supports long-distance transmission while maintaining signal integrity.

KEY FEATURES

1. RG6/18 AWG Coaxial SDI Cable
2. Customized length from 1meter to 10meters. Possible for a higher length also.
3. BNC Male Connectors/Gold-Plated Pins
4. For 6G-SDI, HD-SDI & SD-SDI Signals
